Serial No. Not Yet Assigned, Docket No. 2769-118
Inventor: Steve TU, et al.
Filed: SYSTEM AND METHOD OF MATERIAL MANAGEMENT
CUSTOMER NO. 6449

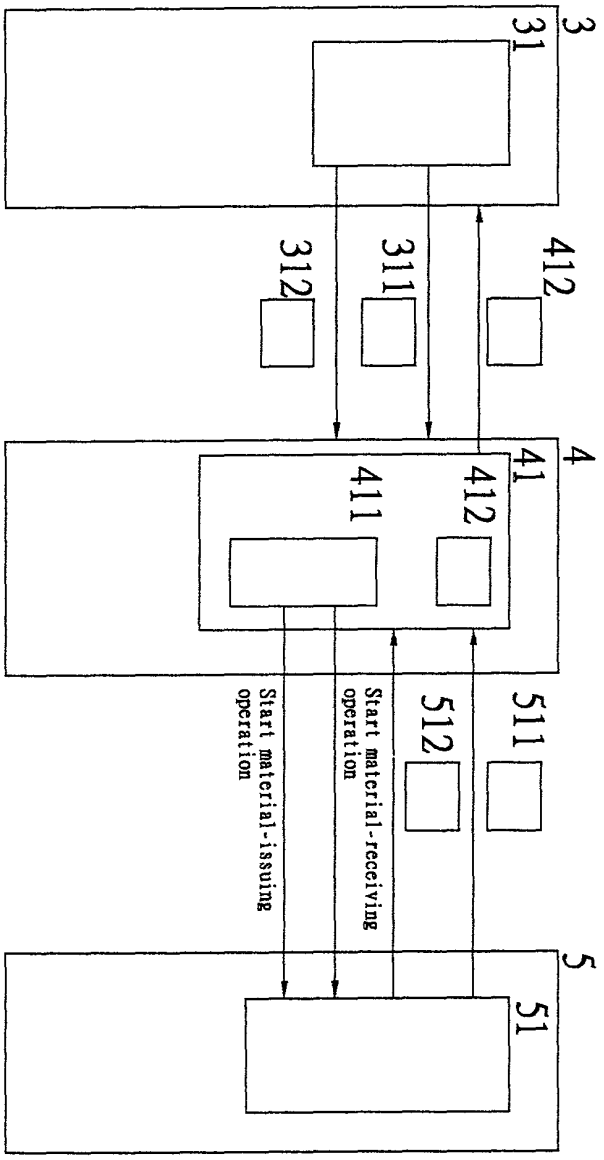

FIG. 3

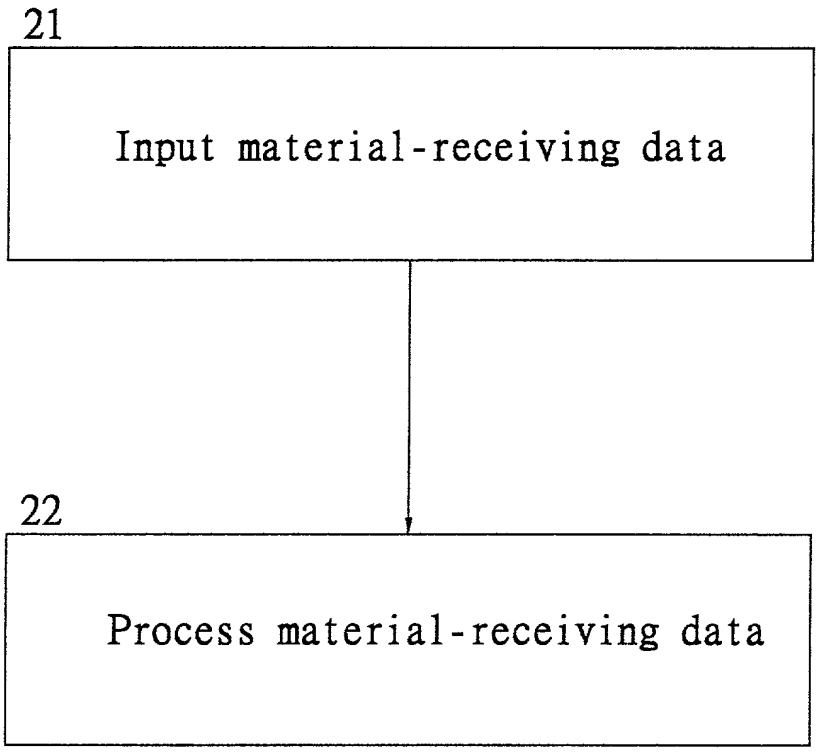
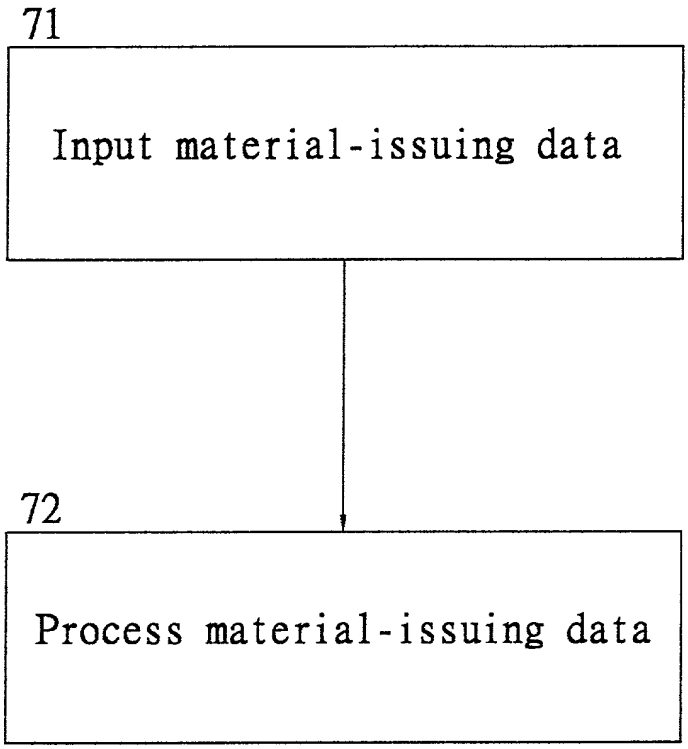
FIG. 4



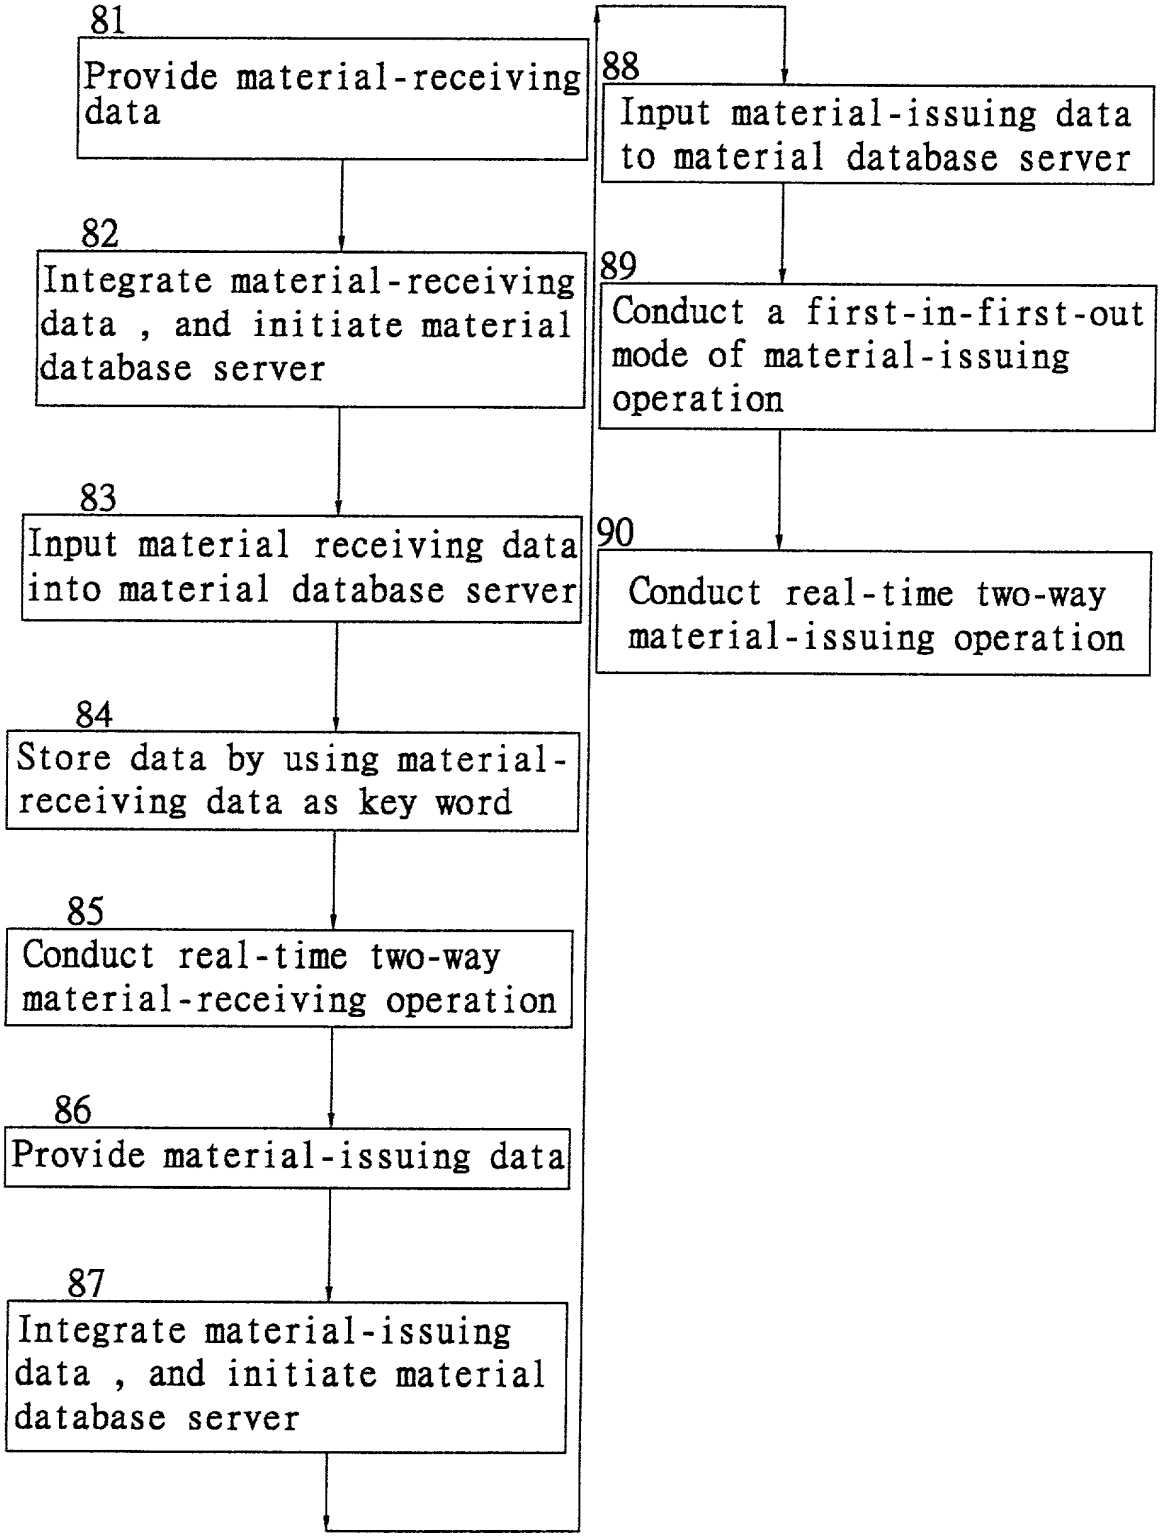
21
Input material-receiving data
22
Process material-receiving data

FIG. 5



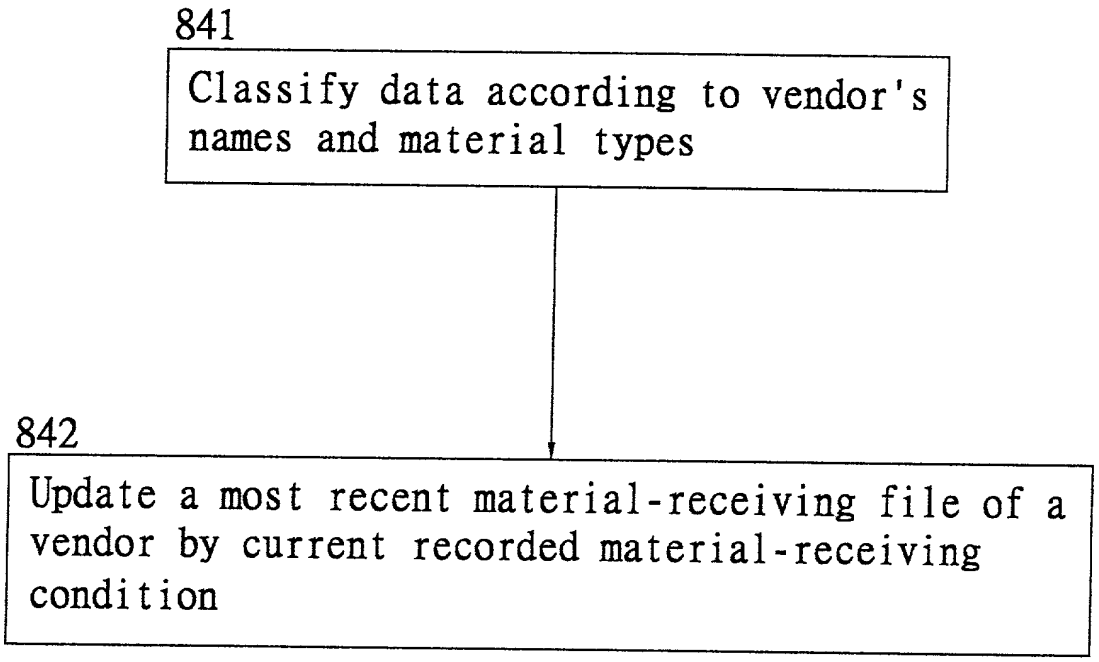
Document ID: 20050103

FIG. 6



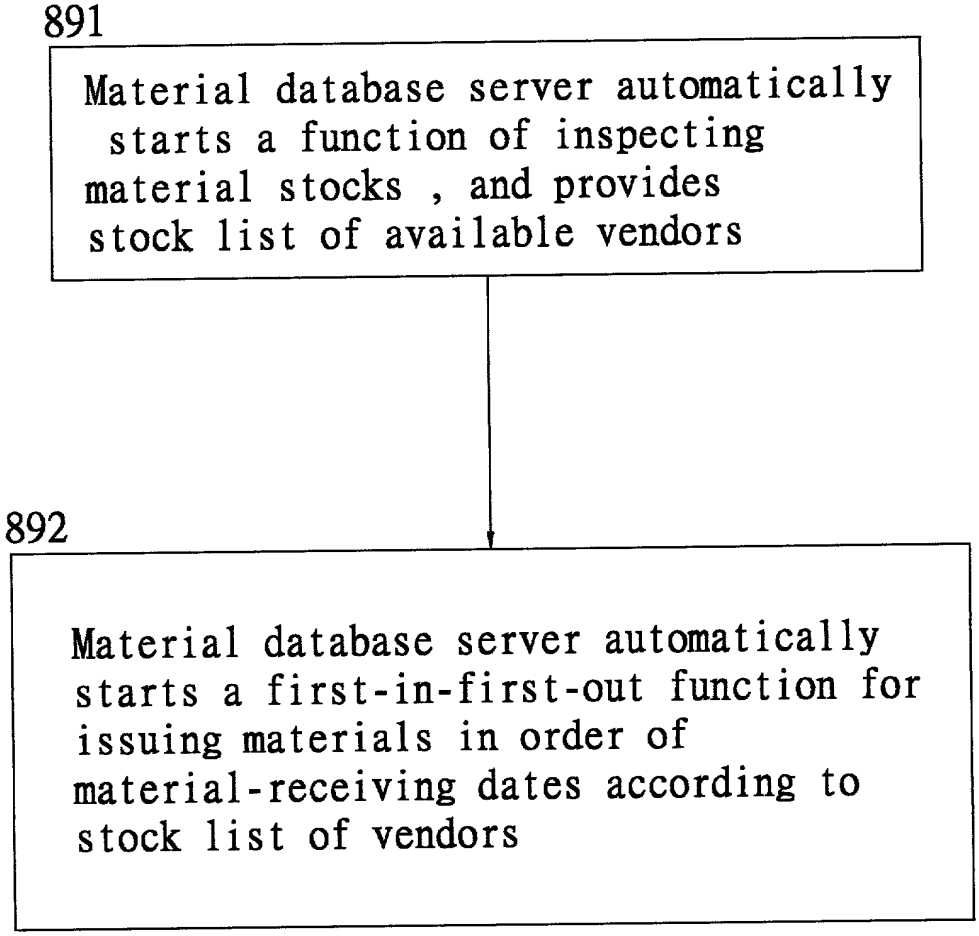
81
Provide material-receiving data
82
Integrate material-receiving data , and initiate material database server
83
Input material receiving data into material database server
84
Store data by using material-receiving data as key word
85
Conduct real-time two-way material-receiving operation
86
Provide material-issuing data
87
Integrate material-issuing data , and initiate material database server
88
Input material-issuing data to material database server
89
Conduct a first-in-first-out mode of material-issuing operation
90
Conduct real-time two-way material-issuing operation

FIG. 7



Patent Application

FIG. 8



891
Material database server automatically starts a function of inspecting material stocks , and provides stock list of available vendors
892
Material database server automatically starts a first-in-first-out function for issuing materials in order of material-receiving dates according to stock list of vendors
